***What's the best crime prevention device ever invented?  
A good neighbor!***

The impact of crime is becoming a reality none of us like. How can we become more resistant to crime? Neighbors in Rosemont are joining together to discourage local crime. By cooperating with each other and local law enforcement, Rosemont residents can help fight crime through "Neighborhood Watch."

The Sheriff's Neighborhood Watch program is designed to encourage residents to assist one another in their own protection. The key to the program is cooperation among neighbors and the Sheriff's Department. If we know what to look for and what to do about it, we are our own best defense against crime.

Neighborhood Watch is simply when we, as neighbors, look out for each other. It is a self-help crime prevention program that can successfully reduce the incidence not only of burglary, but of other crimes as well. Come and learn more.
